

Hello,

I'm Gülcin from Turkey.

I was volunteer in Kindergruppe Farbklecks from October 2022 to July 2022 in Vienna.

Firstly, I want to talk about Vienna. Vienna is the most beautiful city I have ever seen. When I travel in Vienna I always feel like I am in an open air museum. With great buildings, streets, parks... I will miss this city a lot.

Secondly, I want to talk about Kindergruppe Farbklecks. I felt so lucky and enjoyed a lot during my project period. My colleagues were excellent. They helped me every step of the way. I learned a lot from them. Thanks to them and my mentor, I never felt alone during my project. And the kids... I'm sure I learn new things from them every day. They were perfect. While they were discovering new things and nature, I was happy with them.

Finally, I would like to mention other volunteers in Vienna. I know we shared the same feeling during this time. We support each other every time. I am very lucky to know them.

It was the best experience for me. I'm grateful to everyone who made it possible for me to have this amazing experience this year.
